

School Newsletter

Sign Up Online Now for Parents Evening

Thank you to those of you who have already been online to sign up for Parents evening. A reminder that it is being held this Monday the 14th October for Years 1 - 6 and on Tuesday 15th October for Reception and Nursery. The booking system is online. Please click on the link [here](#) to book your appointment now. When arriving at the webpage, select your child's class teacher from the drop down list. Click on either the 14th or 15th depending on what year group your child is in, then select the time you wish to book. Finally add your details below remembering to include your name and that of your child. When you tick the box agreeing to the school collecting the information you have provided it will process your booking and you should receive an email confirming your appointment.

Harvest Festival - Parents Welcome on Wednesday 16th for our Harvest Service

Priory for their work with the homeless and Hackney Food-bank to support families and individuals in crisis. All donations should be brought into school and will be placed within our harvest display outside the hall. These donations will then be collected on Thursday 17th October so no additional donations can be made after this time. Thank you in advance for your donation. On Wednesday 16th October we will be celebrating Harvest Festival in an extended collective worship. All parents and carers are welcome to attend this service in the school hall. There will be a prompt 9am start so please arrive early as admittance is not permitted after this time.

From Monday 14th October until Thursday 17th October we will be accepting donations of non-perishable food items and toiletries as part of our Harvest Festival. All donations will be distributed to St Saviours

MacMillan Coffee Evening

On Monday 14th October our school will be hosting a Macmillan Coffee Afternoon/Evening alongside our Parent Evening. This important event is to help raise funds for cancer research, and we need your help in beating the generous total raised last year of £646.00! All are welcome to join us to have refreshments, either before your child's parents evening appointment, after or both! All we ask is that you leave a donation. A whole school raffle will also take place - for 3 amazing prizes of delicious cakes. Tickets cost £1.00 and can be bought at the office between 8:00 am and 6:30pm or during the evening of the 14th up until 6pm. With the raffle being drawn at 6:45pm that night. We will again be holding a range of fun activities for parents and children to participate in.

ATTENDANCE THIS WEEK

1st: Year 1H with 98.6% 2nd: Year 3 with 98.3% 3rd: Year 2H with 96.7%

Every Learner: Empowered. Inspired. Prepared

Homework

The school website has been upgraded which means that things are located in different places. As homework can be found online please click [here](#) to see what you child needs to be learning at home.

DIGITAL LEADERS WEEKLY MESSAGE:

During our Digital Leaders meeting we planned our Digital Leader assembly ready for next week. We made a Keynote with all the points we wanted to share with the rest of the school. This included informing everyone about our podcast, iOS updates and some of our favourite apps we use in school.

SCHOOL COUNCIL WEEKLY MESSAGE:

In our school council meeting this week we raised various points for discussion which had come from the meetings we had taken with our class. Two of the topics we covered were Passion Projects running across the school and the meal choices at lunchtime. Can we also remind you that information and consent letters have been sent home for the Nasal Flu Immunisation and that we need these back if you wish for your child to be immunised.

PRESCHOOL UNDER 2'S

We all enjoyed feeling different textures and making imprints as a group.

PRESCHOOL

It was great playing with our friends, we sorted colours, built mini towers and enjoyed driving our cars down the ramp. We were super busy developing our concentration levels and fine motor control.

NURSERY AM

We are currently learning about Old McDonald 's farm. We used the tray to create our own farm with sand for soil and different materials for grass, we then added animals, fences and barns!

NURSERY PM

We baked banana bread this week. We discussed what ingredients we needed, mixed them together and put it in the oven. It was so delicious!

RECEPTION H

We have been learning about how vets help animals. We made animal skeletons using play-dough and cotton buds. We had to be very careful to make sure we put the bones in the right place.

RECEPTION T

In Mathematics we have been learning positional language. We made narrow and wide buildings. Here is a photograph of one of the wide buildings we made.

YEAR 1 H

We are painting/preparing our boxes to be made into replicas of London buildings from the past.

YEAR 1 T

We have been designing Tudor houses which we then made into 3D models upstairs in the Art Room. We are looking forward to seeing how they turn out.

YEAR 2 H

In Science we are learning about the properties of materials. We have been investigating which materials are most suitable for a chimney sweep to wear. We tested for flexibility, durability, comfort and whether they were waterproof or not. We had a lot of fun exploring the different materials and loved finding out if our predictions were correct!

YEAR 2 T

In Science we are learning about materials. We were given different materials and had to sort them into groups. We got to choose the criteria for sorting the materials into the groups.

YEAR 3

We have been working on a Viking dragon ship project as part of our art lessons. We made a colour wash sky, a paint splatter sea and focused on working with precision when drawing our dragon ships. The finished product is very impressive!

YEAR 4

We used Roman artefacts to make historical inferences about the Romans. We learnt that as the Romans had oil lamps and scrolls, they probably used lamps to read their scrolls in the dark. From looking at the different coins, we learnt that they had a currency system; and that emperors must have been very important to them as they were pictured on many of their coins. We also thought that their elegant ornamental jugs might have been used for transporting liquids around the Roman Empire.

YEAR 5

We have begun to consolidate our learning about Ancient Greece through cooking! In groups, we made Greek salad, tzatziki and traditional Greek flat bread to dip in hummus. We got a bit messy but learnt some fantastic skills. It was wonderful to try new foods and flavours, and we worked very well together.

YEAR 6

We are creating a news report from 1850, the year Skara Brae was first discovered in Scotland. There are a lot of steps to creating the perfect news report. Here we are learning our scripts that we wrote before filming.
